

CONVENTION EXPRESS SATURDAY

New Look Convention Stage

We would like to convey a special thanks to CPS, our technical consultants and sound/lighting providers, who after a lot of consultation and planning, have created a new look to our Convention stage. The photograph above shows the stage setting for the quartet contest. Obviously the pillars will be removed for the chorus contests!

The new Cyclorama cloth, held by specially designed framework, will provide us with a platform for enhanced mood lighting for contest and shows. This "touring" stage can be used wherever we hold convention, so that we can retain a consistency of presentation.

Chorus Trophy Makeover

Due to wear & tear, the chorus winner's trophy has been renovated. It still retains the title of the Crawley Cup.

USEFUL INFORMATION FOR DELEGATES

You will have noticed on your way in that we have security guards with trained 'sniffer-dogs' at the doors to the venue. These dogs have heightened ability to detect substances that would threaten the safety of our Convention.

There will be four large plasma TV screens in Hall D to keep up to speed with the contests whilst eating in there.

Anything for Convention Express?

Send a good luck message to your chorus or quartet, say happy anniversary, happy birthday or if you have a unique story or interesting snippet, put it in Convention Express.

Place your story in the box at the BABS main reception by 16.00 today for Sunday's publication.
